

Comprehensive Plan Update Transportation and Land Use Elements

Mercer Island Planning Commission
November 9, 2022
Community Planning and Development
Adam Zack, Senior Planner

Purpose

Complete this round of review for both the
Transportation and Land Use Elements

Comprehensive Plan Update Process

Previous Review

Transportation and Land Use Elements

- The Planning Commission was briefed on the first drafts July 27
- First draft comment period: July 27 – August 31
- Second drafts considered on September 28
 - Planning Commission responded to and resolved most proposed edits
 - Each element had a handful of unresolved topics

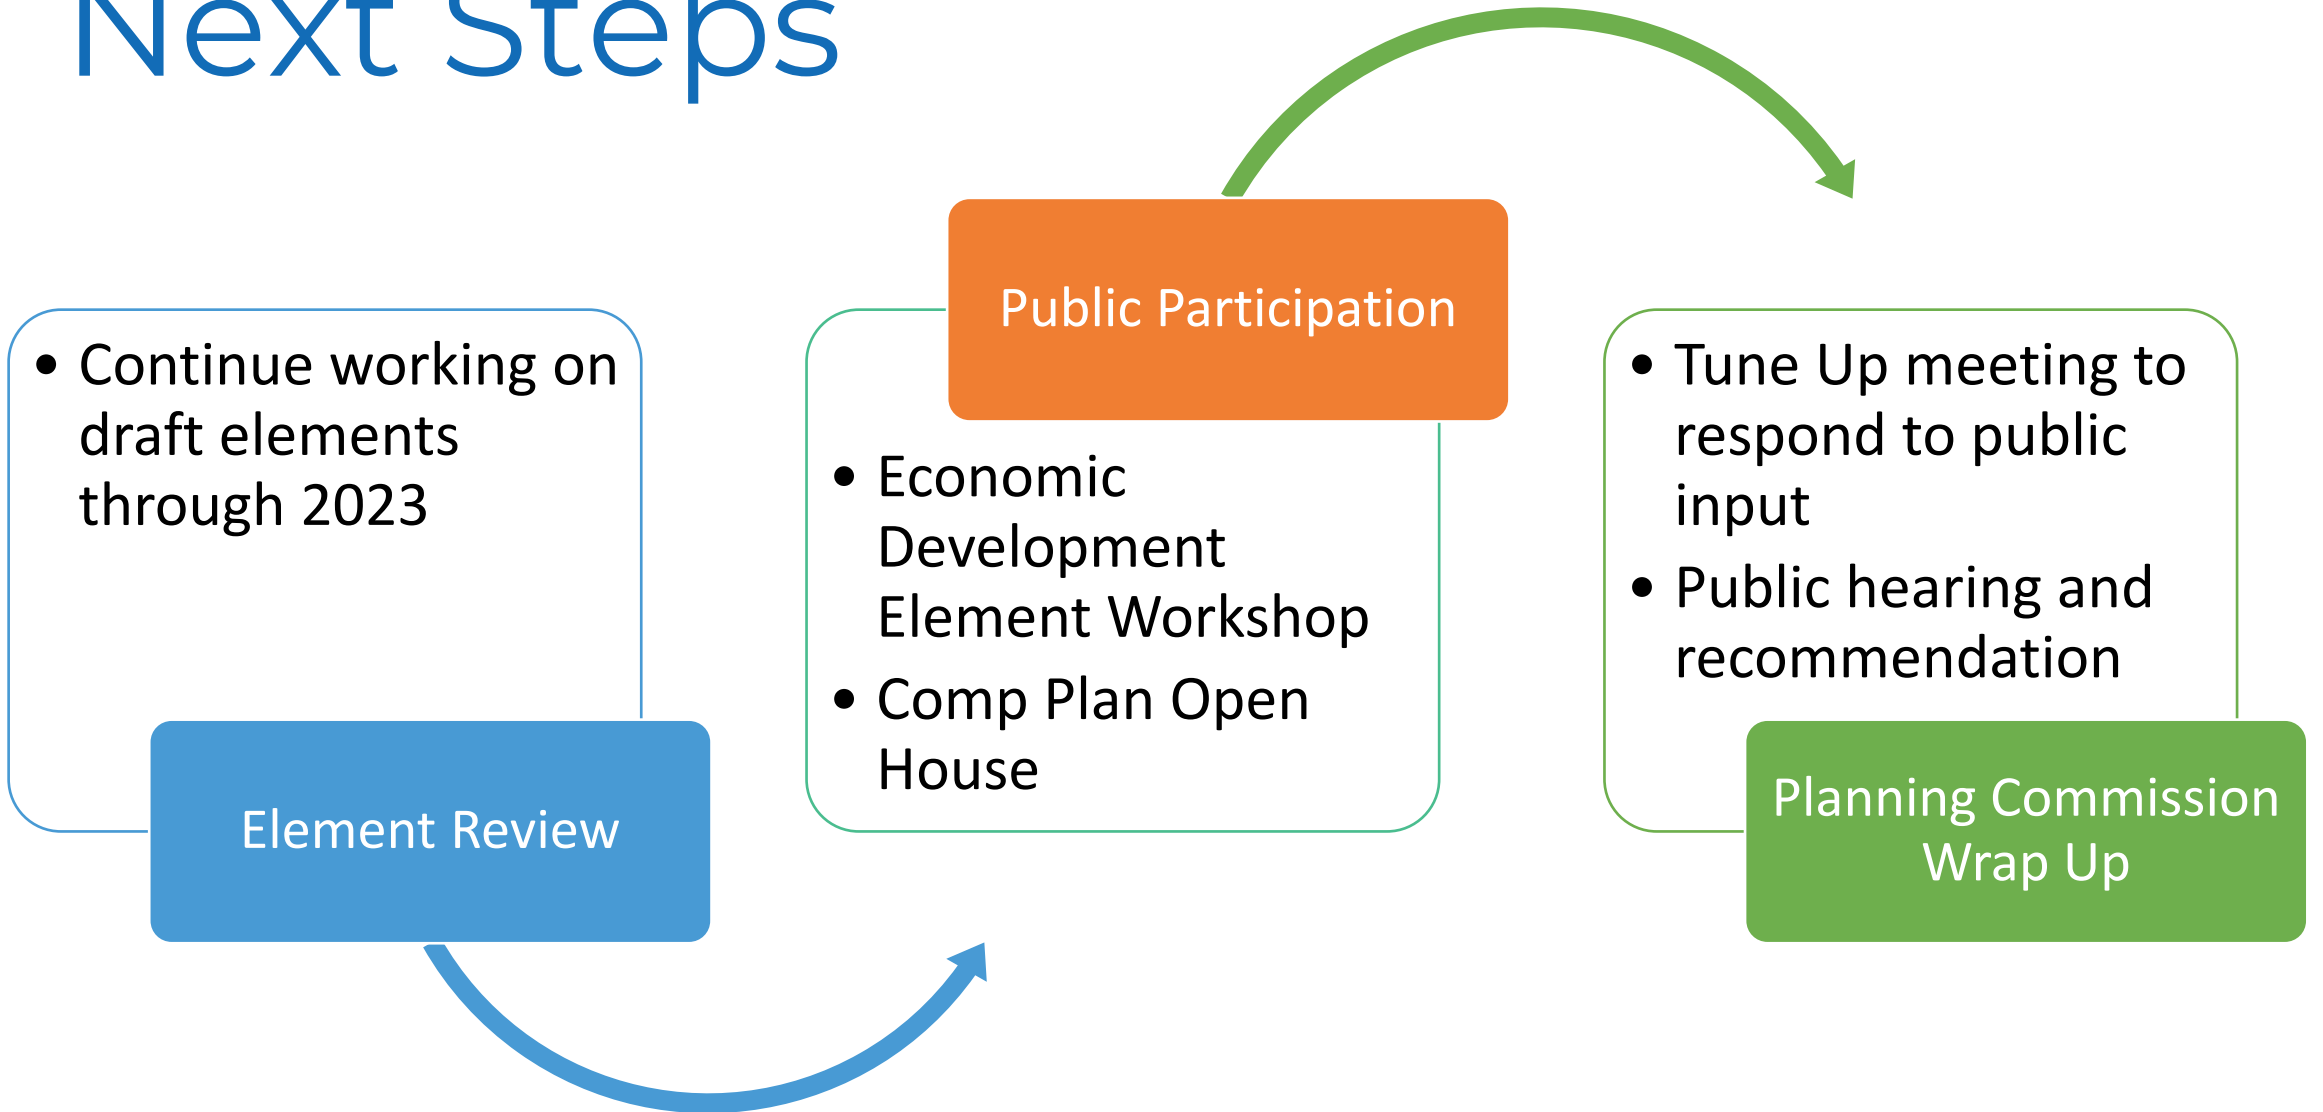

Process for Tonight

- Staff will walk through each unresolved topic
- Planning Commission can provide comments and resolve the topic
- Decision points for each topic are provided in the memo
- Once each topic is resolved, this round of review for these elements will conclude

Public Review Drafts

- The drafts resulting from this meeting will be public review drafts
- The next steps in the process will include gathering public input on the Comprehensive Plan update
- The Planning Commission will have the opportunity to address public input before making a recommendation

Next Steps

Next Steps

- Planning Commission continues reviewing Comprehensive Plan elements
- Two public participation events:
 - Economic Development Element community workshop, and
 - Comprehensive Plan update open house
- Tune up review after public participation
- Planning Commission public hearing
