*****City Hall Closed – [Learn More](#) About Long-Range Facility Planning*****

April 22, 2024

Providing official notice of land use applications, meetings, decisions, recommendations, hearings, and appeals of land use decisions within the City of Mercer Island.

How to use this bulletin

To learn more about a project:

- Click the “Project Documents” link to view digital documentation. The project documents available through this link contain most, but may not contain all, publicly available information. For example, when a project is updated with a different project design, older designs may be removed from the public folder to avoid confusion. Each folder will be updated when there is a project revision.
- Call the project planner to arrange to review the project files. The planner’s contact information is in the notice. You may also call the “Planner Helpline” for zoning related questions at 206-275-7729. Additional resources are available online:
 - <http://www.mercerisland.gov>: Staff directory, city regulations, and additional information about permits.
 - <http://www.mybuildingpermit.com>: Follow the status of a specific permit by address or permit number.
 - [Mercer Island Map Portal](#): A tool to search for site-specific information.

To comment on a project:

If comments are provided within the specified comment period, they will be forwarded to the appropriate reviewer, and you will become a party of record. Written comments can specifically address how the proposed work does not meet one or more of the criteria listed in the Applicable Development Regulations.

- Send your comments in writing to the project planner identified in the notice. Be sure to include your name, address, and email if applicable.
- The City will accept public comments at any time prior to the closing of the record of an open record predecision hearing, if any, or if no open record predecision hearing is provided, prior to the decision on the project land use review.
- If you submit a written comment, staff will send you a copy of the notice of decision or recommendation.

Will there be a public hearing on this application?

Public Hearings are only required for Type 4 permits. For a list of Type 4 (IV) permits, please refer to [Mercer Island City Code 19.15.030](#) Table A. The project will state under the Public Hearing section if a hearing is required.

What is SEPA?

State Environmental Policy Act (SEPA) is a review intended to act as a “safety net” in protecting the environment. Following SEPA review, the City must issue a determination of Significance, Non-Significance, or a Mitigated Determination of Non Significance. Applicants for a SEPA review must complete a SEPA [checklist](#), and may need to prepare additional mitigation to avoid a “probable significant impact” to the environment.

When is a project SEPA exempt?

The state Department of Ecology establishes categorical exemptions to SEPA review, which are generally described here: [WAC 197-11-800](#). For example, a shoreline dock may be SEPA exempt if the dock was legally established, and normal maintenance and repair is proposed. However, SEPA is required if the dock will expand or if a new dock is built.

Where can I find more information?

Please review the Washington State Department of Ecology SEPA [website](#) and the SEPA [handbook](#). Another useful page is the SEPA form templates found [here](#).

How to search permit records online.

Land use review actions that are not listed in this bulletin can be searched online at <https://permitsearch.mybuildingpermit.com/>. Searching online permit records requires the following steps:

1. Select “Mercer Island” from the jurisdiction dropdown menu.
2. In the blue “Search by” section, click the “Project Info” tab.
3. The “Project Name/Description” field is optional. It can be left blank unless searching for a specific project.
4. Select the permit type from the “Permit Type” dropdown menu.
5. Use the “Permit Status” field to narrow searches by status. This field is optional. “Permit Status” can be left blank unless searching for a specific project.
6. Use the “Date Type” to limit your search to permits either applied, issued, or finalized. Use the “Applied” option to search for permits that are still in review. Use the “Issued” option to see permits that have been issued; these permits were approved. The “Finalized” option will show permits that received a final inspection and approval (Note: not all permits are finalized, only those requiring a final inspection will be finalized).
7. Use the “From” and “To” fields to define the dates you want to search between.
8. After the search is conducted, results will display below the search fields. You have the option of downloading the records to an Excel spreadsheet.
