

G/A Residence

City of Mercer Island Revision 04 Response/ Resubmission Letter

Date: 03.26.25

Letter author: Kellen White | Architect

To Whom It May Concern:

As I've been locked out of the online pdf document, per guidance from Norine Allerdice I am responding to the last correction not here, via direct response letter.

Per SUB1 Planning Review Comment: Clearly show and label existing finished grades on all elevation drawings.

All building corner(s) have been clearly labelled on each exterior elevation and clouds have been added to aid in the location of these new callouts. See SHEET(S) A7 - A9.

Sincerely,

Kellen White // Architect
