Hello!

We have engaged a geotechnical engineer, Marc McGinnis, who completed a site survey and provided notes to our structural engineer. The structural was updated, then reviewed and approved by Marc.

Structural drawings that address this specifically, with updates to the foundation, can be found on pages 8, 9, and 13 of the plan set.

Updated structural calculations can be found in document StructuralCalcs.pdf.

GeotechLetter.pdf, with the geotech statement, is included in the submittal. Full geotech report is in file GeotechReport.pdf.

Please let us know if you require anything further in this area.

Thank you!

Shena Smith-Connolly and Elizabeth Scallon
