Hello!

We have engaged a geotechnical engineer, Marc McGinnis, who completed the required CAR1, and provided a statement that the scope of work meets that MICC 19.07.130(A).

New documents GeotechLetter.pdf (which contains the statement), and GeotechReport.pdf (the area review) are included in the submittal.

The plan set has been updated to indicate the hazard areas, which can be viewed on page 1.

Please let us know if you require anything further in this area.

Thank you!

Shena Smith-Connolly and Elizabeth Scallon
