## CRITICAL AREA REVIEW 1

A Critical Area Review 1 is a land use review that allows one or more of the following actions:

1. Activities listed as modifications in [MICC 19.07.130](#), Modifications;
2. Verification of the presence or absence of a critical area; or
3. Verification of the delineation (location) and/or type of wetland or watercourse.

A Critical Area Review 1 provides a simplified review process for smaller scopes of work requiring less detailed review than a Critical Area Review 2.

## REVIEW PROCESS – TYPE I LAND USE REVIEW

Type I reviews are based on clear, objective, and nondiscretionary standards or standards that require the application of professional expertise on technical issues. Type I reviews do not require a pre-application meeting, public notification, notice of application mailing and posting, public comment periods, public hearing, or notice of decision. The decision is made by the Code Official.
