Submitted values are:

Address 7430 E. Mercer Way

Owner/Resident Lynn & Jerome Tuttle

Detail of your concerns:

1. Wood of their Lake Deck is rotting....instead of replacing and repairing with required permits, the owners covered the rotten wood with an unapproved rubberized material nailing it down to previous decking. This was done on the weekend to avoid detection by the city.

2. The owners also have installed and have been using an illegal lawn watering sprinkler system that draws water from the lake. This is immediately visible at the shore of their deck.

3. The owners moved their boat lift with electrical supply from one side of deck to the other deviating from the approved plans/permits with the city. Permits were not obtained for this move along with the electrical permitting required.

Does this concern involve a permit issued by the City? Unknown

If known, please provide permit number and type:

Has this concern been reported previously? Unknown

If yes, to whom was the concern reported and what action(s) resulted?

Have you or your neighbors spoken with the individual(s) in question in order to resolve the problem? No

If yes, what was the outcome?

Your Name Steven Lou
