**Subject:** No cover until after Site meeting - Permit 2104-111, 7422 East Mercer Way - Dock  
**Attachments:** Dock1.jpg

---

Hello Dustin and Kelsey,

Dustin, in reference to the subject permit, I left you a voicemail about meeting onsite tomorrow morning at 10:30 AM to review the situation regarding potential loss of support for the neighboring dock. The neighbor stated their dock's pile cap beams were supported by a removed pile cap beamline and provided the attached photo, which appears to support their statement.

I intend to be onsite tomorrow morning at 10:30 AM to investigate the situation. Hopefully, someone from your team can meet me.

It is my understanding the work is currently open, so please DO NOT COVER the new finger pier adjacent to the neighbor's dock at this time.

Thank you for your cooperation and please let me know if you have more information, questions or concerns.

**Don Cole**
