

# Memo

**To:** Tony Newton  
**From:** Gary Upper  
**cc:** Norine Allerdice  
**Date:** 8-9-24  
**Re:** CAO24-006 Submittal Notes

---

Per Tony's advice, I am sticking with the pending CAR2 permit (CAO24-006) so the recently submitted CAR1 permit should be discarded.

This submittal includes the missing Code Compliance Narrative and I have included the Geotech Report for good measure.

I have ordered an refresh of the title report and will upload that seperately when it is received.

Gary
