Subject: SJCC

Morning Council Members,

My name is Karen Lieberman .. I have lived Very happily on Mercer Island forOver 50 years.

. During that time

The SJCC has been a integral part

If my life. My career was in the fashion business..owning stores

And manufacturing.

Upon retirement, I wanting a give back career.. I chose

Starting the Kesher Garden at the J.

Since 2011 I have given my time to teaching children how to grow their

Own food and eat healthy..on an average of 300 children a summer

Week.

During the off season I expand my

Garden Learning and Design at gardens all over the world.. the

Kesher Garden is after the Kew

Garden/London.. I am hoping with

The expansion I can expand the area

Of teaching.

Please pass our much needed space..

Anyone who would like a tour,I am happy to show off our magical place.

Thank You..

ARUGULA
Flowers are the best
Taste like licorice

Karen

SPINACH

You may root it with
Stomach

Dill also Karen

Mint
Beet/Greens are GREAT

KALE
Turnip

Karen
