Subject: Objection to proposed plan to install small cell wireless facility on 4011 92nd Ave SE-
FileNos. WCF19-017

Dear Andrew,

I have serious concern about the noise and radiation risks from the installation of a small cell wireless facility on 4011 92nd Ave SE, Mercer Island.

I currently reside and own the house at 4017 92nd Ave SE. I would suggest you find another location away from my home address for the installation of the small cell wireless facility.

Unless you already chosen a location near the Mercer Island High School back parking lot along 92nd Ave SE, that maybe a good alternate location if I may suggest.

Thank you for your attention.

Charlie Chang
4017 92nd Ave SE
