RE: Plan Review
Proposed Additions
9640 SE 61st Place
Mercer Island, Washington

In accordance with your authorization, Cobalt Geosciences, LLC has prepared this letter to discuss our plan review for the project.

We have reviewed the architectural plans by Ryan Rhodes Architecture dated September 5, 2025 and structural plans by Quantum Engineers dated January 15, 2025 and have no comments at this time. We should be on site to verify aspects of construction, including soil bearing, excavations, drainage, fill compaction, and final erosion control.

Sincerely,

Cobalt Geosciences, LLC
