These plans are the exclusive property of Heath Northwest, Inc. the original work of its design team. They are submitted to your company for the sole purpose of your consideration of whether to purchase these plans or to purchase from Heath Northwest a sign manufactured according to these plans. Distribution or exhibition of these plans to anyone other than employees of your company, or use of these plans to construct a sign similar to the one embodied herein, is expressly forbidden. In the event that such exhibition occurs, Heath Northwest expects to be reimbursed 15% of the total project value in compensation for time and effort entailed in creating these plans.

L73 Grounding and Bonding Statement for each permanently connected sign the following statement or equivalent "This sign is intended to be installed in the accordance with the requirements of Article 600 of the National Electrical Code and/or other applicable local codes. This includes proper grounding and bonding of the sign" should be either directly marked on the sign or label attached to the sign, included in the installation instructions, or provided on a separate sheet or tag shipped with the sign. The location of the disconnect switch after installation shall comply with Article 600.6 (A) (1) of the National Electrical code.
