Not required per the city for my situation.

He asked that we include mention in the narrative that the property is owned by Azose and it's an LLC.

Maybe include his email in the application even.

Good morning, Jaimié,

For the affidavit of ownership and agent authority, the code official can waive this requirement if it will not substantially inform the review.

With commercial properties in a plaza or strip mall, we can accept the application without the affidavits.

Please let me know if you have any other questions.

Sincerely,

**Tony Newton**
