Subject: Support Proposed Zoning Change for the SJCC

I'm writing to urge your support of the SJCC property rezone to Commercial Office.

I grew up in the Bellevue and attended preschool at the JCC, and years later I sent all three of my boys there as well. The JCC continues to be an important part of our family's life through sports, camp, and swimming. I support the rezone because I want my children to have a strong connection to the Jewish community throughout their lives.

Thank you!
