Subject: Support Proposed Zoning Change for the SJCC

I'm writing to urge your support of the SJCC property rezone to Commercial Office.

I am a past president of the SJCC as was my father. I grew up on Mercer Island. The SJCC has served us and other Mercer Island Community members with incredible programming and other important activities. It is an extremely important institution which the Mercer Island Community needs to protect and cultivate.

Thank you for recognizing its importance and working to ensure that it and the city flourishes for years to come.

Sincerely,

Stan Rosen
