**Subj.: Response to Public Comment**

This letter is being submitted as part of the Corrections #1 Response for Land Use permit #SEP24-019

Dear DAHP,

Your comments have been received in response to Land Use Permit #SEP24-019.

Previously, the scope of this project was a remodel of the existing house. When the property was purchased by new clients, a new house was planned instead.

At the request of the DAHP, an archaeological study of the land and a historical significance study of the existing house were conducted in April 2025.

Per the report, nothing of importance was discovered in either the land or the existing house. A copy of this report has been sent directly to [SEPA@dahp.wa.gov](mailto:SEPA@dahp.wa.gov) for review and confirmation.

Thank you for your time and concern in this development project.

Sincerely,

Kati Eitzman
