

SUB25-001 CORRECTION RESPONSE LETTER  
Chadwick & Winters  
Christine Dickinson

Hi There,

Please see below for corrections required and how they were addressed.

Planning:

1. On the development application and lot line revision application form, please check the proper boxes in the critical area section to reflect the conditions of the property.

This includes potential slide, erosion, steep slope, and seismic. Please also select Type F watercourse, Piped, and Type Np watercourse.

**Updated the application with the above information to reflect the conditions of the property.**

2. Provide Quitclaim deed in submission documents to serve as proof of ownership.

**Uploaded Quitclaim deed to serve as proof of ownership.**

3. Add correct lot line revision number on each page: SUB25-001

**Added lot line revision number on each page.**

4. Revise Grantor and Grantee. The Grantor is the party relinquishing land. The Grantee is the party gaining land.

**Removed Mercer Island as grantee.**

Civil:

1. Please show all existing easement limits with recording numbers on this drawing.

**Added all existing easements.**

2. Please tie this map to two known city monuments.

**Tied to two known monuments.**

3. Please show all existing easement limits with recording numbers on this drawing.

**Added all existing easements.**

Thank you!

Christine Dickinson
